

GARDA MOONBEAM

TYPE OF LEATHER: Veg tanned calfskin

TECHNIQUE: Aniline or semi-aniline drum dyed and hand woven

DIRECTION: Diagonal (Girato)

STRIP WIDTH: 10 mm + 5 mm tubular braid

THICKNESS: 8 mm, before 1/3 in rug pad

REPEAT: 15 x 70 mm

SIZE: Panels are woven to required size, without width or height limitation.

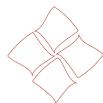

IDEAL FOR: Rugs, walls, headboards, drawer fronts, and chunky floor pillows

We will alter the finish of this leather according to your application, using semi-aniline leather where higher performance is required.

Full aniline leather will develop a gentle patina, over time.

For rugs, available with matching leather border
in choice of width and color from field.
