

## KIMBERLEY WHITE CAP AND WARM SAND

TYPE OF LEATHER: Chrome tanned calfskin

TECHNIQUE: Aniline drum dyed and hand woven

DIRECTION: Diagonal (Girato)

STRIP WIDTH: 4 / 13 mm

THICKNESS: 2.5 / 4 mm

REPEAT: 25 mm (1 in)

SIZE: Panels are woven to required size, without width or height limitation.

IDEAL FOR: Upholstery, pillows, walls, headboards, and drawer fronts

This is a natural leather. It will develop a gentle patina, over time. Exposure to sunlight will move the color to a warmer hue. Also available with consistent matte finish.
